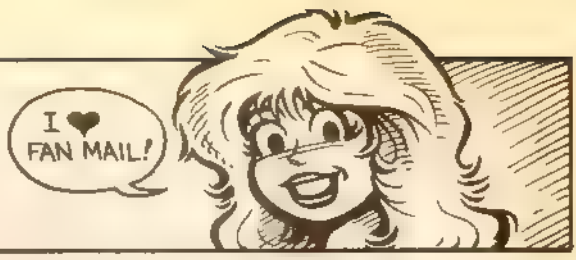
Dear Cherry



OK, so Cherry will be 18 years old always and forever. (How about just-turned 18?) But PLEASE! keep her in high school

Teenagers have plenty of opportunities for sexual encounters—in locker rooms or restrooms, under the bleachers at sports events, at school dances, at parties, at teen dance clubs, in the back seats of cars, at slumber parties, at youth summer camps, at weddings and other family get-togethers where teens can sneak off and "play."

Sex was great in high school, but sometimes sexual fantasy was better.

In my high school there was a pretty girl who looked just like Cherry. Long blonde hair and long legs. I quietly, discreetly watched her every chance I got—in classrooms, hallways, in the cafeteria, library, her gym class, everywhere.

One time when she was wearing a mini-skirt I almost (!) saw her panties when she turned around in her desk to talk to the girl behind her. A flimsy white blouse revealed her bra.

Once when she had Dancing in gym class she saw a bunch of guys at the door watching and she teasingly lifted her skirt up to her thighs and laughed.

Another time when she was wearing a short skirt and "nude" nylons I watched her subconsciously playing with her hair and slipping her shoes on and off, toying with them with her toes as she talked with her girlfriend.

On the lawn outside at lunch one time I got to watch her take off her tennis shoes and knee socks and play barefoot in the grass. The next day she wore a "tube top" and I got a good look at her cute belly button.

Sometimes I'd see her brushing her hair and putting on lipstick at her locker.

At the local pool she looked yummy in a bikini. All dressed-up for school dances, wearing petite heels with open toes and a little strap around each ankle—divine!

Her sweet, sexy smile, a flip of her hair, a giggle, or an innocent bend of her knee or turn of her ankle would drive me absolutely wild!

The immense sexual charge I got from girl-watching in high school is still with me today.

Let's see further adventures with Cherry in high school! Thanks!

— A Fan

Of course I just turned 18. Didn't I tell you that? Sounds like most if not all of the sex you got in High School was in your head & your hand. Same as with the guy that draws me, he got nuthin in High School. Of course fantasy is better, all that nasty stuff that goes through peoples heads just about never happens in the Real World. Me, I live in this fantasy world where it happens all the time! I keep going to school, but I'm never quite sure just what kind of school it is... it just seems like the thing to do.

I just got ahold of Cherry #'s 1-5 and I loved them all! The best story by far was "Clan of the Care Bear" in #5. It was really funny (tee hee!). I like "Cherry's Pussy" from #5, too, and hope to see more! Also, let's see more of your mom, Cherry. She's really hot (though not as hot as you).

Now, if you don't mind, I have some questions...

1. Why did you change the book's name to "Cherry" instead of "Cherry Poptart"? I am glad we are on a first name basis, but I thought the longer name had a nice ring to it!

2. What kind of music do you listen to, Larry? I notice a number of heavy metal bands on t-shirts. (Scorpions, Black Sabbath, Death Angel!) Maybe Cherry just likes guys into metal?

3. How often is Cherry published and is there any way to get a subscription. You may notice I am living in North Carolina. Since they outlawed freedom of speech here, it is hard to get "adults only" material.

Well, those are my only questions. I will close by saying the only other "adult" comic I buy is "Omaha the Cat Dancer" and it would be hard to say which I enjoy more. But Cherry is funnier and prettier (and that says a lot 'cause Omaha is a babe—yaknownut I mean?)

— Sincerely, G-censored by the state of North Carolina — 74

P.S. My girlfriend, Mandi, is jealous. I told her she shouldn't be, but I guess I can understand. I guess I had better go "convince" her that she still gets me hot! Bye.

God, you're so organized! Okay, let's see...

1 For a while there my Artist/Writer had a Business Manager, this little, high-powered, gorgeous young Woman who manages & promotes heavy metal bands (incl Death Angel) Kat She's great. She suggested we drop the last name from the cover to avoid any possible hassle from the Poptart people (Kellogg's or whoever) The A/W liked the idea of having a shorter title that could be bigger & be read clearly from farther away when it's on a newstand.

2 The guy who draws me doesn't know shit about music. Last concert he went to was the Grateful Dead playing for free in Golden Gate Park & he didn't even like it!!

3 I'm published as often as we can possibly manage it what with having this burnt-out hippie at the wheel We're trying real hard for 3 times a year No subscriptions. The guy hates commitments I'm impressed that you were able to get any of my stuff there in NC But you did! Is this a great country or what?

Tell Mandi not to be jealous. My job is to make you hot for her Maybe even make her hot for you, if she'd loosen up a bit...teehee..

Dear Cherry,

We're a bunch of sailors stationed at a Naval Base in Vallejo, CA and ever since a couple of us went into San Francisco and picked up the last couple of issues we've been crazy about ya! Whadda say to goin' out an' partying with 5 or 6 young and horny sailors? (Bring your pal Ellie Dee too ..)

— The Seamen, Vallejo, CA

If your looking for a few good men, you should check out some NASA astronauts on the space shuttle in zero gravity!

I'm sure you could give them quite a work-out to keep them in shape, and from feeling so alone all the way up there. You could do some more news and views for "Strolling Bone" from outer space Just be sure that the satelite link is turned off to avoid any unwanted audio-video broadcast of your recreational therapy for our astronauts.

Another place you could find some very good men, is in a nuclear submarine Just think of all those poor men under water for such a long time, without any real contact with the world outside. Think about how you would help to maintain the crew's morale.

I'm sure that with all your work-outs you are in perfect shape to qualify as a crew member for either one of these volunteer assignments.

I can see the headline in "Strolling Bone" reading "Cherry consents to keep crew comfy," with news and views from the inside.

Should be a real trip, knowhaddamean?

— Hugs, D.C., Slumberville, NJ

I really got off on you getting it on with your mom in issue #6. It was my first issue and I quickly bought all the back issues. I think you are fantastic and will be a fan forever. You make all the rest look absolutely ill. Love your tits! Keep it up for us, we're keeping it up for you!

P.S. I really love seeing Cherry masturbating, too! — OXOXOXOXOX, Semaj

Hello Lover,

My name is S E ___, I'm single & live alone. I love you so much, Cherry & I wish you can come to my place & spend 1 night with me & sleep with me naked. I love to make love to you & put my cock inside your pussy & screw you until I cum deep inside your vagina

I love your body & I would like to kiss your lips & french-kiss you & be your boyfriend & marry you some day That's all for now Write soon & I love your comic book.

— Love, S.E.

Sometimes I think nobody's paying attention out there. I thought someone would have noticed the 6-fingered Botticerri's Venus on the last back cover by now. TeeHee!!

Also a big Hello & flash of the titties to Ed the Hollywood poet, Chemical Dave & Jaime & the others — enjoyed your disc — & a special thank you to Norma in Berkeley, & a bunch of other folks, too. .
